**TITAN**  
drainage wrap by **OX**

## The smart solution behind exterior claddings for commercial and residential construction

TITAN is an advanced non-woven, non-perforated, Housewrap & Air Barrier material that has been engineered as a drainage material to provide superior performance while exceeding the most stringent criteria for the Building Thermal Envelope.

With premium performance in air holdout and water resistance, TITAN non-perforated housewrap minimizes air intrusion and maximizes the thermal efficiency of the best designed wall systems.

Titan Drainage Wrap is available in low and high perm  
Low = 15 perms  
High = 60 perms

### Air Resistive Barrier

Certified Air Barrier Material which exceeds ASTM E-2178 minimum requirements.

### Water Resistive Barrier

Water resistive barrier exceeds AATCC-127 Water Head Test

### Ease of Installation

Designed with jobsite performance in mind with outstanding nail tear resistance, premium tear strength, and superior building envelope protection

### Drainage Efficiency

Certified Drainage material exceeds ASTM E-2273 performance requirements.

## Titan Protective Housewrap

### TITAN Protective Housewrap Roll Sizes and Quantities

3' x 100' - 192 rolls	4.5' x 100' - 128 rolls
3' x 165' - 147 rolls	4.5' x 150' - 98 rolls
3' x 195' - 105 rolls	5' x 200' - 60 rolls
9' x 100' - 64 rolls	10' x 100' - 64 rolls
9' x 125' - 49 rolls	10' x 125' - 49 rolls
9' x 150' - 49 rolls	10' x 150' - 49 rolls

### Attributes

- Excels in air and water resistance, drainage requirements and durability.
- Greater tear resistance and strength than competitive products.
- Class A flame spread rating ASTM E-84
- Smart solution behind exterior cladding for commercial and residential construction; EIFS and stucco, cement, hardboard, vinyl, wood sidings, brick and stone veneer  
*\*please remember to install all housewraps in accordance with proper building codes*

### 15 YEAR LIMITED WARRANTY Titan® Weather Barrier System

Combine **Titan® Drainage Wrap** with **Arctic-Flash Synthetic**, **HomeGuard Flexible Butyl Flashing**, **Titan Butyl Flashing**, **HomeGuard Polymer Sealant** and **HomeGuard Seam Tape** to create an energy efficient, complete weather barrier system backed by a 15-year limited warranty.

**Arctic-Flash** - Extreme performance synthetic flashing with advanced acrylic adhesive provides a wide install temperature range from 0° F to extreme heat. UV Resistant for 180 days. Made in the USA.

**Flexible Butyl Flashing** - High performance flexible butyl adhesive flashing for arched windows and doors, window sills and custom shaped penetrations. UV Resistant for 180 days. Made in the USA.

**Titan Butyl Flashing** - is a high tack, high performance self-adhered window and door flashing tape designed with a wide application temperature range from 20° F to extreme heat of 160° F without requiring primer or mechanical fasteners.

**HomeGuard Polymer Sealant** - Advanced STP-E polymer chemistry provides a superior bond to most substrates. Use it to seal windows, doors, column joints, gutters, vents/ducts and most molding, trim and siding. Compatible with HomeGuard weather barrier products. Made in the USA.

**HomeGuard Seam Tape** - UV Protected facer material with aggressive acrylic adhesive designed for sealing the seams of HomeGuard Housewraps.
